Making Networks Work: Examples from the field

SVRI, POPULATION COUNCIL, SGBK NETWORK, DOH KENYA
PREPARED BY ELIZABETH DARTNALL, SEXUAL VIOLENCE RESEARCH INITIATIVE
How and Why?

- Self administered online questionnaire “Survey monkey’
- N=59

1. Learn more about networks.
2. Explore which networks are active in the field of SGBV,
3. The value of networks to their members,
4. How effective networks might be sustained in resource limited times and places.
Are you a member of a network? (N=59)
Who participated?

Focus and activities

Focus

- SGBV
- Children and Youth
- Women
- Adolescent
- Men Engagement
- SRH/R
- Human rights
- Health and HIV/AIDS

Activities

- Lobby for key issues in GBV sector.
- Exchange and share information on GBV and research.
- Share ideas and dissemination of policy / evidenced based interventions
- Influence and impact on policies and programmes => change makers
- Collaborate and network through working groups, conferences and meetings
Communication mechanisms

- All of the above: 14.3%
- Social media websites (Facebook, Twitter, Instagram): 45.2%
- Webinars: 16.7%
- Email: 73.8%
- Listserv: 38.1%
- Face to face meetings or workshops: 71.4%
Impact / value of being a network member

- Networking: 84%
- Advocacy: 76%
- Knowledge Building: 58%
- Research Skills: 56%
Strong networks

- Clear goals and vision
- Mutually beneficial
- Leadership and core funding
- Diversified funding sources to promote sustainability and minimize external influences on agenda
- Communication strategy – outlines how, what, when, where and to whom information is communicated
- Face to face meetings are really important and should be a central part of communication / networking strategy
- Clear M&E strategy to measure network progress and goal achievement

We need to better understand:

- Better understand:
  - Strong networks?
  - How strong networks are created and sustained?
  - Focus on quantity or quality?
  - Time limited?
