JOURNAL ARTICLES

Please note, to obtain a full copy of a journal article you may write to the author given as the contact person by the respective publishing house to request a copy.

[Sexual health of adolescent girls and young women in Central Uganda: exploring perceived coercive aspects of transactional sex. Kyegombe N, Meiksin R, Wamoyi J, Heise L, Stoebenau K, Buller A.M. *Sexual and Reproductive Health Matters*. 28\(1\), 1-14, 2020](#): Adolescent girls and young women (AGYW) in Uganda are at risk of early sexual debut, unwanted pregnancy, violence, and disproportionately high HIV infection rates, driven in part by transactional sex. This paper examines the extent to which AGYW's participation in transactional sex is perceived to be coerced. (Source: *Sexual and Reproductive Health Matters*).

[Couples' economic equilibrium, gender norms and intimate partner violence in Kirumba, Tanzania. Manji K, Heise L, Cislighi B. *Violence Against Women*. ePub, 2020](#): This study examines the link between the loss of men's status as breadwinners and their use of intimate partner violence in Kirumba (Mwanza city, Tanzania), mediated by the entry of women into the cash work force. (Source: *SAGE Journals*).

[Sexual and reproductive health and rights of refugee and migrant women: gynaecologists' and obstetricians' responsibilities. Endler M, Al Haidari T, Chowdhury S, Christilaw J, El Kak F, Galimberti D, Gutierrez M, Ramirez-Negrin A, Senanayake H, Sohail R, Temmerman M, Gemzell Danielsson K; FIGO Committee for Human Rights, Refugees, Violence Against Women. *Int J Gynaecol Obstet*. ePub, 2020](#): In this article, authors discuss the violations of sexual and reproductive health and rights of particular relevance to the refugee and migrant reality. (Source: *Safetylit*).

[Factors associated with violence against women in a representative sample of the Lebanese population: results of a cross-sectional study. Rahme C, Haddad C, Akel M, Khoury C, Obeid H, Obeid S, Hallit S. *Arch Womens Ment Health*. ePub, 2020](#): This study evaluates the prevalence of violence against women (VAW) and assesses the associated factors with VAW among a representative sample of the Lebanese population. (Source: *Springer Link*).

[Survival analysis and prognostic factors of time to first domestic violence after marriage among Nigeria, Kenya, and Mozambique women. Fagbamigbe A.F, Akintayo A.O, Oshodi O.C, Makinde F.T, Babalola M, Araoye E.D, Enabor O.C, Dairo M.D. *Public Health*. 181, 122-134, 2020](#): This cross-sectional study seeks to assess the timing of first domestic violence against women after marriage and determines the factors associated with the timings in Nigeria, Kenya, and Mozambique. (Source: *NBCI*).

[Patterns of healthcare services utilization associated with intimate partner violence \(IPV\): Effects of IPV screening and receiving information on support services in a cohort of perinatal women. Daoud N, Kraun L, Sergienko R, Batat N, Shoham-Vardi I, Davidovitch N, Cohen A. *PLoS One*. ePub, 2020](#): This study examines patterns of medical health care services' utilization among women experiencing and not experiencing intimate partner violence (IPV), and further explores the effects of IPV screening and receiving information on these patterns. (Source: *PLoS One*).

[Comparative effectiveness of an economic empowerment program on adolescent economic assets, education and health in a humanitarian setting. Glass N, Remy M.M, Mayo-Wilson L.J, Kohli A, Sommer M, Turner R, Perrin N. *BMC Public Health*. ePub, 2020](#): This study examines the relative effectiveness of an integrated parent (Pigs for Peace, PFP) and young adolescent (Rabbits for Resilience, RFR) animal microfinance/asset transfer program (RFR+PFP) on adolescent outcomes of asset building, school attendance, mental health, experienced stigma, and food security compared to RFR only and PFP only over 24 months. (Source: *BMC Public Health*).

BLOGS

[Co-producing knowledge with social movements, a critical perspective. Diana Mitlin, Jhono Bennett, Philipp Horn, Sophie King, Jack Makau and George Masimba Nyama. 4 February 2020](#): For academic researchers working with social movements and activist groups can present unique challenges. Finding ways to work effectively together, whilst acknowledging differences in power and objectives, is often problematic. Drawing on perspectives from different social movements and academia, the authors of this blog present insights from the Slum/Shack Dwellers International movement on how academics can successfully co-produce useful knowledge for social movements. (Source: *LSE*).

[Breaking down publication to share the full story of your research, Madison Crystal. 13 January 2020](#): Are traditional research articles still meeting researchers' communication needs? Over the past decade, Open Science and the rise in digital publications together have facilitated a more agile ecosystem of research-sharing. For researchers, that means: faster pathways to sharing their discoveries; greater transparency of assessment which helps increase reliability and public trust; and more opportunities for collaborations that accelerate advancements in the field. [Read more...](#)(Source: *PLOS Blogs*).

ONLINE RESOURCES
