IN CASE YOU'VE MISSED IT

[Webinar recording: Being Heard – Involving children and young people in participatory research on sexual violence - challenges and approaches, 1 December 2017](#): On 1 December, in collaboration with the International Centre: Researching child sexual exploitation, violence and trafficking' (IC), University of Bedfordshire and the What Works to Prevent Violence Against Women and Girls programme, we hosted a joint webinar to share emerging findings from a scoping which was undertaken to review international evidence on youth engagement in participatory research on sexual violence. See webinar recording [online](#).

For updates on the Webinar follow us on Twitter [@TheSVRI](#) #16Days #BeingHeard

[Webinar recording: Respect effect – A new tool for teen dating violence prevention, 31 August 2017](#): During this webinar, presenters gave a full introduction to Respect Effect, a new app for teen dating violence prevention. View webinar recording and materials [online](#).

JOURNAL ARTICLES

[Female garment workers' experiences of violence in their homes and workplaces in Bangladesh: a qualitative study. Naved R, Rahman T, Willan S, Jewkes R,](#)

[Gibbs A. Soc. Sci. Med. 196, 150-157, 2017](#): This paper draws on interviews with women garment factory workers and managers to describe women's experiences of violence within the home and workplace, and specifically understand, how being a female garment worker and the dynamics of paid work, shapes these experiences of violence. (Source: SAMRC).

[You can't burn the house down because of one bedbug: a qualitative study of changing gender norms in the prevention of violence against women and girls in an urban informal settlement in India. Daruwalla N, Hate K, Pinto P, Ambavkar G, Kakad B, Osrin D. Wellcome Open Res. 2, e48, 2017](#): This study seeks to understand gender norms and ways in which they can be changed to prevent gender based violence against women and girls. (Source: Safetylit).

[The association between child exposure to intimate partner violence \(IPV\) and perpetration of IPV in adulthood: a systematic review. Kimber M, Adham S, Gill S, McTavish J, MacMillan H.L. Child Abuse Negl. 76, 273-286, 2017](#): This study examines the association between childhood exposure to intimate partner violence (IPV) and the perpetration of IPV in adulthood based on a systematic review of the literature from inception to January 4, 2016. (Source: NCBI).

[Risk and protective factors for family violence among low-income fathers: implications for violence prevention and fatherhood programs. Hayward R.A, Honegger L, Hammock A.C. Soc. Work. ePub, 2017](#): This study examines risk and protective factors associated with approval of family violence among a sample of low-income fathers (N = 686) enrolled in a responsible fatherhood program. (Source: Safetylit).

[Preventing violence: a public health participatory approach to homicide reviews. O'Malley T.L, Documet P.I, Burke J.G, Garland R, Terry A, Slade R.L, Albert S.M. Health Promot. Pract. ePub, 2017](#): In this study, authors describe the Pittsburgh Homicide Review Group, a community-partnered initiative to prevent future homicides through data review and community dialogue. (Source: Safetylit)

ONLINE RESOURCES

[A safe place to shine: Creating opportunities and raising voices of adolescent girls in humanitarian settings. Tanner S, O'Connor M. International Rescue Committee, Columbia University. 2017](#): This study demonstrates the shocking and widespread levels of violence pre-teen and teenage girls living in humanitarian emergencies are experiencing. (Source: IRC).

[Policy brief: No safe place – A lifetime of violence for conflict-affected women and girls in South Sudan. International Rescue Committee, Global Women's Institute at the George Washington University, CARE International UK, What Works Prevent Violence against Women and Girls. 2017](#): This report highlights research aimed at filling substantial gaps in understanding of violence against women and girls in humanitarian setting. (Source: IRC).

[A familiar face: Violence in the lives of children and adolescents. UNICEF. 2017](#): This report presents the most current data on four specific forms of violence – violent discipline and exposure to domestic abuse during early childhood; violence at school; violent deaths among adolescents; and sexual violence in childhood and adolescence. (Source: PAHO/WHO).

Sexual violence is a global issue that requires coordinated evidence-based responses

The Sexual Violence Research Initiative is hosted by the Medical Research Council, South Africa. The SVRI aims to increase awareness and promote research on sexual violence and its linkages to other forms of violence to influence policy and practice, particularly in low- and middle-income countries. To learn more about the SVRI visit our website www.svri.org or contact us at svri@mrc.ac.za
