

SEXUAL VIOLENCE RESEARCH INITIATIVE

18 APRIL 2019

JOURNAL ARTICLES

Please note, to obtain a full copy of a journal article you may write to the author given as the contact person by the respective publishing house to request a copy.

[Vicarious trauma inside the academe: Understanding the impact of teaching, researching and writing violence. Nikischer, A. Higher Education. 77\(5\), 905–916, 2019](#): This study explores experiences of vicarious and secondary trauma in higher education by examining the personal story of a faculty member working in the field of violence against women. (Source: [Springer Link](#)).

[Gender differences in the relationship between the nature of intimate partner violence and the survivor's help-seeking. Cho H, Seon J, Han J.B, Shamrova D, Kwon I. Violence Against Women. ePub, 2019](#): This study uses the National Intimate Partner and Sexual Violence Survey to examine how gender interacts with the nature of intimate partner violence in the survivor's help-seeking. (Source: [NCBI](#)).

["My husband has to stop beating me and I shouldn't go to the police": Family meetings, patriarchal bargains, and marital violence in the Eastern Cape Province, South Africa. Moore E. Violence Against Women. ePub, 2019](#): This article examines how women in South Africa, in challenging marital violence, navigate relations of patriarchal domination through appeals to the state, familial channels, or a combination of both. (Source: [SAGE Journals](#)).

[Adapting a global gender-transformative violence prevention program for the U.S. community based setting for work with young men. Kato-Wallace J, Barker G, Garg A, Feliz N, Levack A, Ports K, Miller E. Glob. Soc. Welf. ePub, 2019](#): This article describes the history of a gender-transformative program, "Program H," first developed in Brazil and Mexico, the rationale for and evaluation of this original program, and the processes of adaptation for the US urban community-based setting, and highlight the risks as well as opportunities on the work with young men and boys in the future. (Source: [Springer Link](#)).

["She is his girlfriend—I believe this is a different situation": Gender differences in perceptions of the legality of intimate partner rape. Lynch K.R, Golding J.M, Jewell J.A, Lippert A, Wasarhaley N.E. Journal of Family Violence. 34\(3\), 213–230, 2019](#): This article investigates how community members perceive intimate partner rape involving both a married and non-married couple in a mock trial context. (Source: [Springer Link](#)).

ONLINE RESOURCES

[The Cost of the Man Box: A study on the economic impacts of harmful masculine stereotypes in Mexico. Heilman B, Guerrero-López C.M, Ragonese C, Kelberg M, Barker G. Promundo-US, Unilever. 2019](#): This report reveals that "man up" stereotypes and the harmful behaviours related to this cost Mexico over \$1.4 billion each year. (Source: [Promundo-US](#)).

[Tackling violence against women and girls: A toolkit for social care, housing, mental health and safeguarding services. Balderston S, Morgan H, Day A, Fish R. Vision Sense, Centre for Disability Research, Lancaster University, Against Violence & Abuse. 2019](#): This toolkit provides information about inclusive longer-term mental health, housing and social care support, in order to prevent re-victimisation and help survivors of gender based violence rebuild their lives in the longer term. (Source: [AVA Project](#)).

[Briefing paper: Making adaptive rigour work – principles and practices for strengthening monitoring, evaluation and learning for adaptive management. Ramalingam B, Wild L, Buffardi A. Overseas Development Institute, Institute for Development Studies, International Rescue Committee, Oxfam, Oxford Policy Management, Social Impact, ThoughtWorks. 2019](#): In this brief, authors argue that adaptive programmes can be accountable, rigorous and high quality in how they use evidence – but this requires rethinking some key assumptions about how they are practised. (Source: [ODI](#)).

[Violence Against Children Surveys: Datasets And Reports. Together for Girls](#): The Violence Against Children Survey (VACS) datasets provide an opportunity for researchers to conduct investigations with the rich, detailed information available in the VACS, and helps increase our understanding of and ability to prevent and respond to the epidemic of violence against girls and boys. For access to the dataset, codebooks, and other related materials, please fill out the [VACS Dataset Request Form](#); and read reports published [here](#). (Source: [Together for Girls](#)).

Sexual violence is a global issue that requires coordinated evidence-based responses

The Sexual Violence Research Initiative is hosted by the Medical Research Council, South Africa. The SVRI aims to increase awareness and promote research on sexual violence and its linkages to other forms of violence to influence policy and practice, particularly in low and middle-income countries. To learn more about the SVRI visit our website www.svri.org or contact us at svri@mrc.ac.za.
