QUOTE OF THE WEEK

“I learned that we can never protect our daughters from the predators that are out there, lurking at every corner, but we can and must educate them on how to act in these situations, embrace them when they come to us, cry with them, support them, and help them become resilient.” Khulud Khamis.

SVRI ANNOUNCEMENTS

Surveys

Global Shared Research Agenda for research on violence against women and girls (VAWG) priority setting surveys: To provide a basis for priority driven research on VAWG, the Sexual Violence Research Initiative and the Equality Institute with support from Wellspring Philanthropic Fund are facilitating the development of a global shared research agenda for research on violence against women and girls in low- and middle-income countries (LMICs). The Stewardship Group invites anyone working in the VAWG or related fields to contribute to this process by completing the below surveys by 18 January 2021:

Global Shared Research Agenda: Priority Setting Domain 1 & 2
Global Shared Research Agenda: Priority Setting Domain 3 & 4

For any questions, please contact elizabeth@svri.org.

Opportunities

Deadline extended: Ethical funding for research on VAW and VAC consultancy: The SVRI is seeking the services of a qualified consultant to support a consultative process and develop guidance on ethical funding for research on violence against women and violence against children in low and middle income countries. For more information and how to apply, see the Terms of Reference. Deadline: 18 January 2021.

Call for SVRI Forum 2022 Events Organiser: The SVRI is looking for an events organiser to manage the organisation of the SVRI Forum 2022 as well as our annual Leadership Council meeting which will take place immediately after the conference. Download the Terms of Reference. Deadline: 1 February 2021.

COVID-19 AND GBV RELATED RESOURCES

See below COVID-19 and GBV-related resources that caught our attention this week

Donato, S. (2020). It. Sociol. Rev. Gender-based violence against women in intimate and couple relationships. the case of Spain and Italy during the COVID-19 pandemic lockdown. 10(3S), 869-888: This article addresses the issue of gender-based violence against women during the COVID-19 pandemic lockdown. With an emphasis on intimate partner violence, it focuses on the degree of government responsiveness to this issue and compares the cases of Spain and Italy: two European countries that - from March to May 2020 - were among the hardest hit during the coronavirus pandemic. *Please note, to obtain a full copy of a journal article you may write to the contact person by the respective publishing house to request a copy.*

Yount, K. M., Cheong, Y. F., Khan, Z., Miedema, S. S., Naved, R. T. (2021). Women's participation in microfinance: Effects on Women's agency, exposure to partner violence, and mental health. Social Science & Medicine. 270, 113686: This study sought to understand the effects of microfinance on multiple facets of women's lives—using novel measures of women's agency and exposure to violence as well as understudied aspects of women's mental health [Source: icddr,b].

Mondal, D., Paul, P. (2021). Associations of power relations, wife-beating attitudes, and controlling behaviour of husband with domestic violence against women in India: insights from the National Family Health Survey-4. Violence Against Women. ePub: This study assesses the relationship of power relations, attitudes toward wife-beating, and controlling behaviour of husband with violence against women in India using the recent National Family Health Survey (NFHS-4). [Source: SafetyLit].

Gangaramany, A., Balvaniz, P., Gichane, M. W., Goetschius, S., Sharma, S., Sharma, K., Mulhausen, J., Noble-Campbell, P., Wamoyi, J., Maman, S., Prasad, R. (2021). Developing a framework for cash transfer programs that foster sustained economic empowerment to reduce sexual risk among adolescent girls and young women: a qualitative study. 21(122): This study sought to understand adolescent girls and young women (AGYW)’s decision-making processes related to sexual, relationship, and financial decisions, in order to design a framework for a cash transfer program that could lead to long-term financial independence and reduced transactional sex among AGYW. [Source: NCBI].

Mwanukuzi, C., Nyamhanga, T. (2021). "It is painful and unpleasant": experiences of sexual violence
Among married adolescent girls in Shinyanga, Tanzania. Reprod. Health. 18(1), e1. This study describes the sexual concerns of married adolescent girls in Shinyanga – a region with the highest level of child marriage in Tanzania, thereby contributing to the evidence of intimate partner violence among married adolescents in the region. [Source: SafetyLit].

Thompson-Walsh, C., Scott, K. L., Lishak, V., Dyson, A. (2021). How domestically violent fathers impact children’s social-emotional development: fathers’ psychological functioning, parenting, and coparenting. Child Abuse Negl. 112, e104866. This study suggests that fathers’ emotion regulation and coparenting difficulties are important correlates of his domestically violent perpetration and of their children’s psychological symptoms and should be considered as potential foci for parenting intervention with this population. [Source: Science Direct].

Memiah, P., Kamau, A., Opanqa, Y., Muhula, S., Nyakeriga, E., Humwa, F., Cook, C., Kingori, C., Muriithi, J. (2020). Using friendship ties to understand the prevalence of, and factors associated with, intimate partner violence among adolescents and young adults in Kenya: cross-sectional, respondent-driven survey study. Interact. J. Med. Res. 9(4), e19023: This study sought to determine the prevalence of intimate partner violence (IPV) among an urban population of adolescent and young adults (AYA) and to identify factors associated with IPV among AYA. MEMBERS REQUESTS

Joint Global Consultations on the Strategic Plans 2022-2025: UNDP, UNFPA, UNICEF and UN Women are pleased to invite you to a joint online consultation on the development of their respective Strategic Plans, 2022-2025. The four UN agencies are working together to gather inputs on common areas of interests that will feed into the development of each agency's Strategic Plan, by leveraging the comparative strengths, expertise and resources of the agencies on a common platform. See the five thematic areas online, and sign up here by 17 January 2021 to take part in the global consultation.

I-SHARE (International Sexual Health And Reproductive Health) Survey: This global survey aims to examine the impact of the COVID-19 crisis on sexual and reproductive health in diverse low-income, middle-income, and high-income countries. It explores how different isolation measures implemented by governments across the world—in response to the COVID-19 pandemic—have affected family structures, relationships, and access to sexual and reproductive health services. Topics the survey focuses on include contraceptive use, access to reproductive healthcare, sexual/gender-based violence, and sexually transmitted infection prevalence. Click here to complete your country specific survey.

Global survey to inform volume 2 of WHO Consolidated Guideline on self-care interventions for sexual and reproductive health and rights (SRHR): The WHO Department of Sexual and Reproductive Health and Research is expanding the evidence-base of the global guidelines on self-care interventions for sexual and reproductive health and rights (SRHR). We invite you to participate in a 15-20 minutes global survey that will inform volume 2 of these guidelines. Complete the survey in English, French and Spanish. Contact Holly Donkers at SRHRselfsurvey2020@gmail.com if you have any questions.

DV-FAITH (Promoting Integrated Approaches to Domestic Violence in Faith Communities): Membership list: The list is intended for domestic violence practitioners, researchers and religious stakeholders to share new research, training materials and experiences to build good practices together and to promote more integrated approaches to addressing domestic violence in religious communities. Subscribe here.
The Anti-Femicide Interamerican Network is a multilingual/interdisciplinary community for academic and activist dialogue on working to end femicide/femicide in the Americas. The goal of this group is to work collaboratively by sharing our research on femicide in diverse contexts and communities with the intention of bridging knowledge between the North and South in our hemisphere. Beginning in March of 2021, we will be hosting a monthly “charlas” featuring a presentation on a variety of topics related to femicide/femicide including the history of the term(s), methodologies for studying femicide, legal responses, intersectional feminist and Indigenous approaches to documenting femicide, as well as a wide range of anti-femicide activism. New members are welcome to join our Facebook group: https://www.facebook.com/groups/3373018736150499

La Red Anti-Femicidio Interamericana es una comunidad multilingüe e interdisciplinaria para el diálogo académico y activista sobre la lucha y esfuerzos para erradicar feminicidio / femicidio en las Américas. El objetivo de este grupo es trabajar en colaboración compartiendo nuestra investigación y conocimiento sobre feminicidio en diversos contextos y comunidades con la intención de construir un puente de información entre el Norte y el Sur de nuestro hemisferio. Empezando en marzo de 2021, estaremos organizando charlas mensuales sobre una variedad de temas relacionados con el feminicidio/femicidio que incluye la historia del término (s), metodologías para el estudio del feminicidio, respuestas legales, enfoques interseccional feminista e Indígenas para documentar el feminicidio, y aktivismos en contra el feminicidio. Son bienvenidos/as nuevos/as miembros al grupo de Facebook: https://www.facebook.com/groups/3373018736150499
